

PETER DELANEY CAPTURED IN A FORTIFIED FLAT

Paroled Convict Who Escaped From
County Jail With Four Others
Taken in Chicago.

BURGLAR TOOLS ARE SEIZED

Complete Set Including Revolvers
and Ammunition Found in Liv-
ing Quarters of Trio.

Peter Delaney, ex-convict who escaped from the Rock Island county jail in company with four fellow prisoners and paroled men about a month ago, has been recaptured. He was taken yesterday by Chicago police, and brought to Rock Island today.

Delaney, with two comrades, all of whom are said by the Chicago authorities to be expert safebreakers and burglars, were captured in a raid of a flat on the west side by two picked rifle squads. In the apartment occupied by the trio were found seven revolvers, two jimmies, five blackjacks, and a quantity of ammunition. The men gave the names of James Nolan, John Redmond and Peter Donahue, the latter being Delaney.

According to James L. Mooney, chief of detectives, all three are on parole from the state penitentiary at Joliet. Delaney was paroled to Rock Island Aug. 20, and in February was locked up in the county jail on suspicion by local parol agents. Numerous recent holdups in Chicago are attributed to the three men.

One at Large.
Delaney is one of the quintet composed of Earl Morrison, Earl Frazier, Ha Hodge and William Daniels, negro, all paroled convicts, three from Pontiac and Daniels and Delaney from Joliet, who about a month ago rushed and overpowered C. C. Kirsch, jail turnkey, and after beating him insensible made their escape. Morrison, Hodge and Frazier have since been recaptured. Daniels remains at large.

Teams That Will Canvass Rock Is-
land Territory Picked by the
Leaders of Districts.

The executive committee of the Victory Liberty loan in lower Rock Island county has selected Dr. J. M. Stevenson as head of the speakers' committee for the coming drive.

Within the coming week, orator will present to the citizens of this community facts concerning the value of investment in this, the last loan to the government, brought about because of this nation's participation in the world war. Short talks, brim full of pertinent facts concerning the loan, will be made in factories, theatres and public meetings held for the purpose of boosting loan sales.

Thus far the executive committee has enlisted the services of the following men to serve as precinct captains and take care of all detail work in the particular territory assigned to them:

- Precinct Captain—
- 1—M. T. Rudgren.
- 2—Ben Stewart.
- 3—H. H. Harris.

Teams have been selected by each of these men and prior to the zero hour of the campaign—at 9 o'clock April 17—they are to make personal calls upon their neighbors to prepare them for the campaign. There will be no effort on the part of salesmen to sell bonds before April 23, on which date the house-to-house canvass will start.

Allow Six Months.

As has been the case in other loan campaigns, the government proposes to allow each lender of money desiring to do so, six months in which to complete payment for

bonds. Through this system it will be possible for everyone to purchase more bonds than would be the case if it were necessary to make full payments immediately.

Everyone will be able to anticipate their income for the coming six months. Inasmuch as the business success of the country depends largely on this loan, every subscriber to it will reap a double benefit—that which comes to him indirectly through the prosperity of the nation, and that which he receives directly as an individual.

It is easy to see that he will fare better if the nation's affairs are not stagnated through insolvency. By doing nothing more than his patriotic duty, a duty inspired by thanksgiving for victory achieved on the field of battle, he will help make possible continued prosperity throughout the nation.

SEBORRHEA IS KILLING HAIR

Everyone knows that the men and women of America are losing their hair.

The prevalence of seborrhea (the dandruff disease) is appalling. But just as science proved that dandruff was due to bacilli, science now offers the remedy.

It is FAMO.

FAMO destroys the dandruff bacilli and stops the seborrhean excretion. It stops all itching of the scalp.

It penetrates the scalp and unless the hair roots are entirely dead, it encourages and stimulates the growth of new hair.

The ingredients of FAMO have never before been used in the treatment of the scalp. But they are well known to medical science.

Three years were spent in perfecting FAMO in one of the great pharmaceutical laboratories of Detroit.

FAMO makes the hair and scalp healthy. It nourishes the hair in a wonderful way and makes it lustrous and fluffy.

FAMO comes in two sizes—35 cents and a big bottle at \$1. Your money back if you are not satisfied.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales or flakes and is commonly known as dandruff.

Schriver's Boasted Business Administration

*The Riot - The Recall - The Looney Incident
Martial Law - The Miserable Paving Jobs
The March of the Woman's Club to Demand of Mr. Schriver
that Vice Conditions Be Removed.*

Before Mr. Schriver had been in office two years he made such a miserable record as Mayor that our citizens undertook his recall. A petition signed by 3,205 men of Rock Island asked that Mr. Schriver be put out of office. This was a large majority of the number voting at the election. Women were not then permitted to vote.

By "technicalities" Mr. Schriver asked that no vote be permitted. He was evidently afraid of a "vote" of the people. Mr. Schriver undoubtedly knew full well that his administration would be "repudiated" instead of "endorsed." He was not then willing to "rely upon his administration" as he now has to be. He thinks distance may lend enchantment, because he assumes the people have forgotten.

But he will find they have not. Look at his objections to the petition for his recall.

Someone else wrote in the "date" of signing.

Some of the affidavits to the signatures were "defective."

The "addresses" of some of the signers were wrong.

Not a meritorious objection among them. But anything to prevent a vote, and he defeated the demand of a large number of voters for the right to oust him from office.

There was good reason for dissatisfaction with Mr. Schriver's record as Mayor or such a large number of our voters would not have demanded his removal. The city was open to all kinds of vice and crime. Mr. Schriver had John Looney arrested, taken to the city hall, and then brutally assaulted him. We are not defending John Looney. Far from it. But we are criticising this cowardly method of assault.

The riot followed. The city administration was not capable of handling affairs and the militia had to come to protect Rock Island. The militia ruled our city for two weeks, much to our shame. Soldiers patrolled our streets, prevented gatherings and meetings of our citizens, and exercised police jurisdiction, all because of Mr. Schriver's incompetent administration.

All the elements responsible for the conditions that brought on the riot and compelled martial law are against Mr. Phillips. Does this signify anything to you?

Does Mr. Schriver's record appeal to you as justifying his re-election? He will have a right to conclude that his election now will be an endorsement of his former administration and we can expect another four years similar to 1911-1915. Do we want it?
